

# Business Integrity Monitoring

Reduce misconduct, make an environmental impact, and build stronger brand by embracing a stronger ethical culture.

Corporater is recognized by Gartner® as a representative vendor in 2021 Gartner “Market Guide for Technologies Supporting a Digital Twin of an Organization”

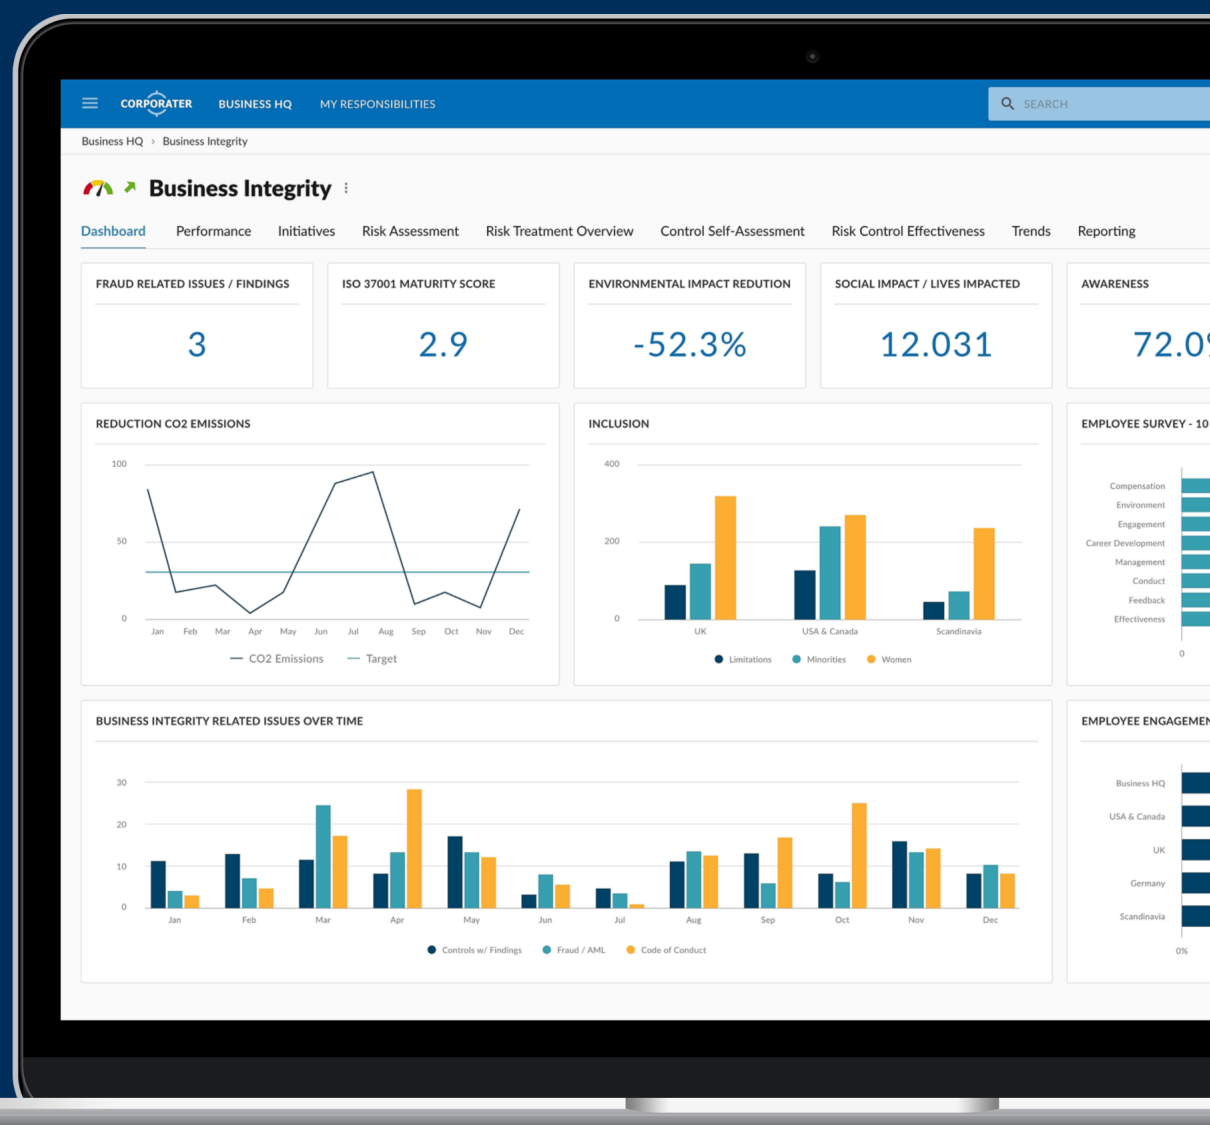

# Business Integrity Monitoring

Business integrity, corporate responsibility, and the Environment, Social, and Governance (ESG) considerations are a growing priority for customers, investors, and governments worldwide. Organizations that conduct themselves ethically and in accordance with the ESG criteria benefit from increased customer trust, stronger brand reputation, and increased shareholder value.

Corporater Business Integrity Monitoring solution is a digital tool that enables organizations to integrate ESG criteria into their governance, demonstrate ethical accountability to employees, customers, and investors, and drive a culture of continuous improvement. The solution comes with a comprehensive set of tools that enables organizations to aggregate all their data into a single source of truth, automate processes, monitor, manage, and analyze their ESG initiatives, and generate ESG reports.

## Gather, monitor, and report on information related to:

- ESG
- Corporate Responsibility & Impact
- Business Ethics & Code of Conduct
- Customer & Employee Satisfaction
- Vision, Mission & Values
- Compliance Maturity & Adherence
- Individual Accountability & Integrity
- Data Privacy
- ++

## Solution Benefits & Functionalities

- Develop a structured Business Integrity Monitoring / ESG framework aligned with your company's values and corporate strategy
- Map out your teams, departments, and business units, and monitor the progress of their ESG initiatives on ESG dashboards
- Communicate your ESG data and initiatives across your organization
- Ensure compliance with ESG reporting expectations and requirements
- Visualize how your ESG initiatives align with your corporate strategic objectives
- Systematically manage ESG data coming from various sources from within and outside of your organization
- Automate your processes and workflows
- Improve your ESG performance by taking action on uncovered data insights
- Generate and distribute ESG performance reports to senior management and other key stakeholders

**Corporater Business Integrity Monitoring solution is designed with an intuitive user interface making it easy for users to quickly access the information they need, complete tasks, and generate reports.**

# Solution Key Capabilities

Corporater Business Integrity Monitoring software solution comes pre-configured with industry best practice frameworks, templates, and functionalities needed for an effective business integrity and ESG management.

### Business Framework Support

Establish, visualize, and align goals, objectives, and thresholds across the organization according to well-known business frameworks.

### Flexible Configuration

Create a digital twin of your organization. Corporater features an agile, flexible configuration environment managed directly by end users.

### Powerful Reports

Generate comprehensive reports in a variety of popular formats, including Word, Excel, PPT, and PDF. Include data visualizations directly from the system.

### Workflow Management

Automate your business processes, assign tasks, conduct assessments, schedule meetings, provide approvals, and set up custom notifications.

### BI & Analytics

Connect, collect, organize, visualize, and analyze your data in business context to uncover actionable insights and make smarter, data-driven decisions.

### Data Integration

Have a single source of truth. Corporater comes with a powerful data integration engine built to integrate large amounts of data from a wide range of sources.

### Data Visualization

Visualize your data story with custom-colored charts, graphs, risk heat maps, strategy maps, and more. Add your brand colors and design elements.

### Custom Dashboards

Go beyond traditional dashboards. Configure custom business dashboards to display relevant information, KPIs, and other metrics. No coding needed.

### Access Control

Assign custom user access based on user role and control user permissions to manage content visibility and access to specific dashboards and features.

### Single Sign-on (SSO)

Securely authenticate users with single sign-on (SSO). SSO allows users to log in with a single set of credentials across multiple platforms.

### Meeting Management

Set up meeting invites, create agendas, tag projects to be reviewed, add notes and attachments, and send out meeting invites to attendees.

### Alerts & Notifications

Create custom alerts to notify key stakeholders when a KPI moves above a specified threshold, when a goal is reached, or when a new issue arises.
