Achieve comprehensive oversight of your organization's Environmental, Social, and Governance (ESG) performance and compliance.

Designed to empower businesses to maintain compliance, mitigate risks, and drive sustainable growth, Corporater ESG Management solution provides the tools needed to seamlessly integrate ESG principles into your core operations.

Solution Highlights

- Gain a holistic overview of ESG: Utilize integrated dashboards to monitor material ESG topics, KPIs, and other metrics at various organizational levels
- Achieve effective ESG management: Implement a coordinated approach to ESG topics, providing holistic data for informed decision-making
- Handle complexity with integrated technology: Employ robust methodologies and modern tools such as forms and surveys to address corporate challenges
- Improve risk management: Conduct comprehensive ESG risk assessments to identify and mitigate potential risks
- Ensure transparent reporting: Automate ESG data collection and reporting across the entire value chain

Corporater is recognized by Verdantix in Verdantix 2024 Buyer's Guide: Governance, Risk and Compliance Software

Why Top Organizations Choose Corporater

Trusted Technology

For over 20 years, Corporater has been delivering business management solutions to organizations worldwide.

Comprehensive GPRC

Centralize your GRC and Performance efforts with a unified platform, ensuring comprehensive governance.

Flexible Configuration

Easily tailor your solution to meet your evolving objectives and business requirements.

Rapid Time-to-Value

Achieve your business objectives faster with seamless integration and rapid deployment.

Scalable Across the Enterprise

Corporater solutions scale effortlessly from mid- to global enterprises, supporting your growth at every stage.

Industry-Leading Security

Corporater is VL5 Veracode Verified and adheres to the highest data security standards.

User-Centric Design

Corporater's intuitive, user-friendly interface is designed for easy adoption across all levels of your organization.

Recognized by Top Analysts

Corporater is recognized by top analysts including Gartner, Wheelhouse Advisors, GRC 20/20, and Verdantix.

Comprehensive ESG Oversight

- Gain a unified view of ESG performance across all business units
- Track key ESG metrics and trends on integrated dashboards that provide immediate insights into performance and areas for improvement
- Ensure alignment with sustainability goals and regulatory requirements by monitoring compliance across all levels of the organization
- Identify and address gaps in ESG performance proactively by leveraging advanced analytics

Compliance with ESG Standards

- Ensure compliance with key standards, including CSRD (Corporate Sustainability Reporting Directive) and ESRS (European Sustainability Reporting Standards)
- Automate compliance tracking and reporting to meet evolving regulatory requirements
- Customize compliance workflows to ensure precise adherence to industry-specific regulations
- Generate reports that align with global ESG frameworks and standards

All Corporater solutions can be used independently or seamlessly integrated into a custom GRC or GPRC system.

Standardized Risk and Materiality Assessment

- Use the Impact Library to standardize assessments across multiple business units, locations, and impact categories
- Standardize assessments and manage environmental and financial impacts, as well as strategic and legal implications
- Involve different stakeholders in assessing materiality with a modern, questionnaire-based materiality, risk, and impact assessment

Stakeholder Engagement and Transparency

- Use the Stakeholder Library to identify and manage key stakeholder relationships, ensuring that all relevant parties are engaged and informed about your organization's ESG initiatives
- Collect data from various departments to create a comprehensive and accurate view of ESG performance
- Provide stakeholders with clear and accessible reports generated from ESG data
- Foster trust through transparent communication of ESG status via ESG dashboards and reports

Data-Driven Decision Making

- Leverage data from the ESG KPI Library to make informed decisions based on industry-specific metrics that align with global ESG frameworks
- Utilize pre-built KPI templates to streamline data collection and analysis, ensuring consistency and accuracy in reporting across all business units
- Enable data-driven decision-making by integrating KPI data into customizable dashboards, providing visibility into ESG performance and trends
- Facilitate cross-departmental collaboration by sharing standardized KPI data

Proactive Risk Management

- Use the Impact Library to predict potential ESG impacts and develop proactive strategies that mitigate risks and enhance sustainability performance
- Analyze a broad range of potential ESG impacts, from environmental incidents to social issues, to understand their effects on your business
- Support stakeholder engagement by clearly communicating potential ESG impacts and the steps your organization is taking to address them

Corporater solutions are designed with an intuitive user interface, making it easy for users to quickly access the information they need, complete tasks, and generate reports.

Solution Features

- Access Control / Permissions
- Alerts and Notifications
- Alignment of ESG Initiatives with Strategic Objectives and Performance Goals
- Audit Log
- Automated Workflows
- Biodiversity Risk Assessment
- Business Framework Support
- Compliance with ESG Standards and Frameworks (e.g., CSRD, ESRS, SASB, TCFD, CDSB, GRI, ISO 26000, UN's Sustainable Development Goals, and others)

- Cross-departmental Collaboration
- Customizable Branding
