

Internal Audit Management

Achieve control over your internal audit processes with Corporater Internal Audit Management software.

Designed to simplify the complexities of modern auditing, Corporater Internal Audit Management solution empowers your team to identify risks, ensure compliance, and drive continuous improvement across your organization.

Solution Highlights

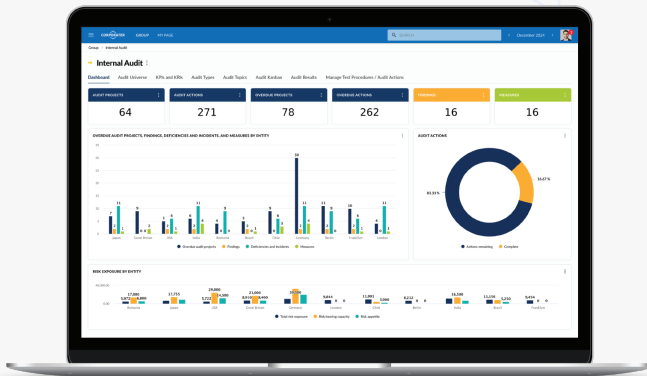

- **Complete Audit Overview:** Gain full visibility into all audit activities across your organization with real-time dashboards and insights
- **Objective Audits:** Conduct independent assessments of the adequacy and effectiveness of your controls, processes, and organizational structures
- **Automated Workflows:** Increase operational efficiency by automating workflows and standardizing audit methodologies across your organization
- **Compliance Assurance:** Ensure adherence to laws, rules, regulations, policies, and procedures with built-in compliance checks and audit trails
- **Audit Reporting:** Generate comprehensive audit reports for senior management, the board, and other stakeholders

Corporater is recognized by Verdantix
in Verdantix 2024 Buyer's Guide: Governance,
Risk and Compliance Software

Why Top Organizations Choose Corporater

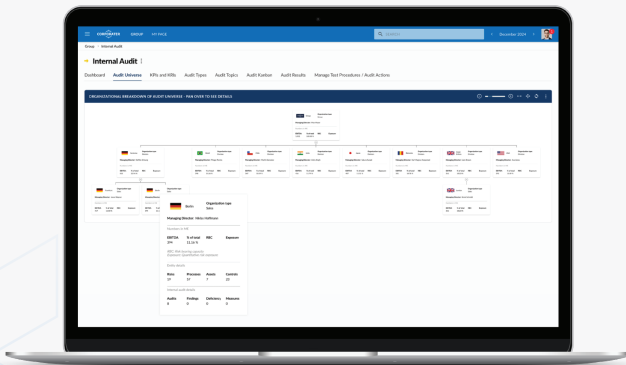

- Trusted Technology**
For over 20 years, Corporater has been delivering business management solutions to organizations worldwide.
- Comprehensive GPRC**

- Recognized by Top Analysts**
Corporater is recognized by top analysts including Gartner, Wheelhouse Advisors, GRC 20/20, and Verdantix.

Solution Benefits

Internal Audit Dashboards

- Get a complete, real-time overview of all audit activities and projects
- Customize dashboards to display key metrics and data based on user roles, ensuring relevant insights for every stakeholder
- Track the progress of ongoing audits with visual indicators and status updates
- Improve decision-making with pre-configured or personalized dashboards that offer instant access to critical information

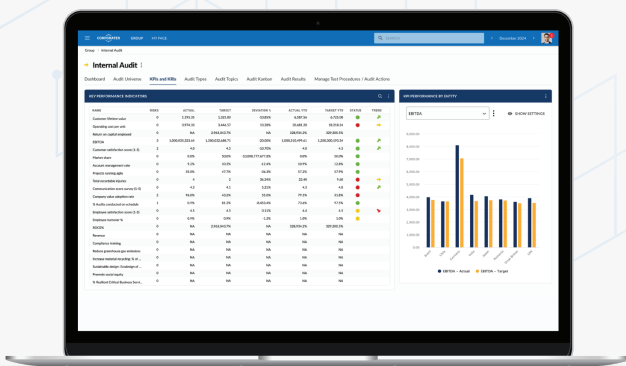

Audit Universe

- Map out and manage all auditable entities within your organization for efficient audit planning
- Identify risk exposure and prioritize audits based on organizational needs and risk assessment frameworks
- Centrally manage audit activities to capture every aspect of your internal audits
- Keep a historical record of all audits performed for better long-term planning and regulatory compliance

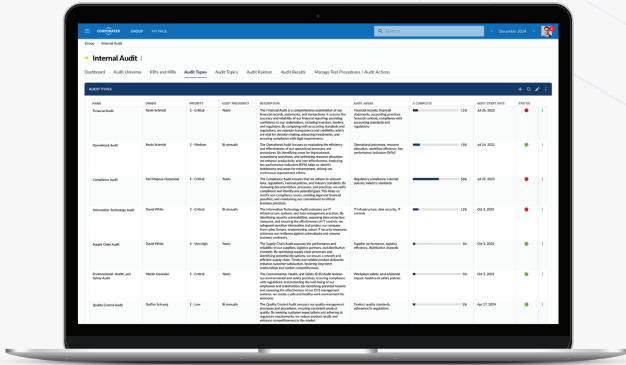

All Corporater solutions can be used independently or seamlessly integrated into a custom GRC or GPRC system.

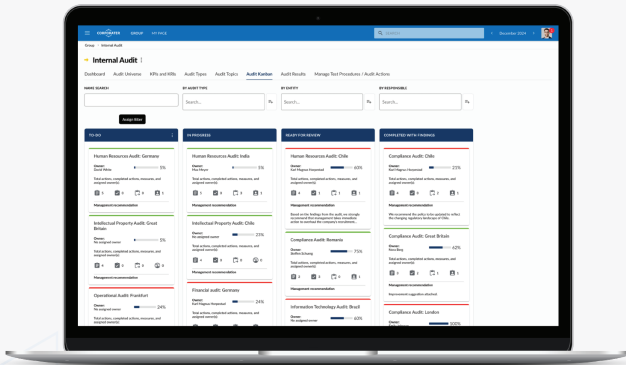

KPIs and KRIs

- Monitor performance using Key Performance Indicators (KPIs) and Key Risk Indicators (KRIs) tailored to your needs
- Align audit objectives with strategic organizational goals through measurable metrics that matter most to your business
- Set up automated alerts to notify teams when KPIs or KRIs move outside acceptable thresholds, ensuring proactive risk management

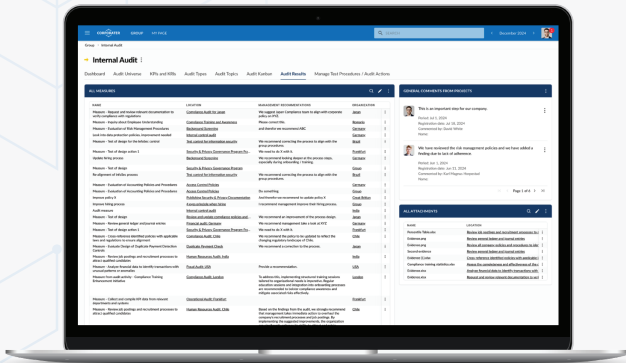

Audit Types

- Conduct a variety of audits, including operational, financial, IT, compliance, and other specialized audit types as needed
- Use predefined templates to streamline the audit process for different areas of the organization, ensuring consistency
- Ensure consistent auditing methodologies across all audit categories, supporting regulatory requirements and best practices
- Tailor audit approaches based on the unique needs of your business and changing industry standards

Audit Kanban

- Visualize and manage the entire audit workflow with Kanban-style boards that provide clear task tracking and status updates
- Easily assign, prioritize, and monitor audit tasks across different audit phases for better team collaboration and accountability
- Ensure smooth audit execution by tracking the progress of each audit task
- Increase transparency by providing a visual representation of audit progress to all relevant stakeholders

Audit Results and Reports

- Automatically generate comprehensive audit reports with data visualizations, key findings, and detailed insights for stakeholders
- Export audit results in multiple formats such as Word, Excel, and PDF, making it easy to share with internal and external parties
- Share reports with senior management and other key stakeholders for actionable insights and informed decision-making

Corporater solutions are designed with an intuitive user interface, making it easy for users to quickly access the information they need, complete tasks, and generate reports.
