ISO Compliance Management

Manage all your ISO standards and internal audit with Corporater ISO Compliance Management software. Demonstrate your organization's commitment to high standards of quality, safety, and performance to customers, suppliers, regulators, and other key stakeholders.

Corporater ISO compliance software is a digital tool that enables organizations to manage and demonstrate compliance with various ISO standards. Corporater includes a comprehensive set of ISO compliance management features, such as pre-configured dashboards, templates, and ISO-specific checklists, making it easy for organizations to evaluate their adherence to ISO requirements, conduct audits, and stay ISO certified.* Corporater software is used by organizations from various industries including IT, healthcare, engineering, manufacturing, construction, and others.

Corporater supports organizations in meeting and managing compliance with the following ISO standards:

- ISO 9001 — Quality management
- ISO 14001 — Environmental management
- ISO 20000 — IT service management
- ISO 22000 — Food safety management
- ISO 22301 — Business continuity management
- ISO 26000 — Social responsibility
- ISO 27001/2 — Information security management

- ISO 27005 — Information security risk management
- ISO 27008 — Assessment of information security controls
- ISO 27014 — Governance of information security
- ISO 31000 — Risk management
- ISO 37001 — Anti-bribery management
- ISO 45001 — Occupational health and safety
- ++

Corporater has a distribution agreement for ISO standards and as such can digitally distribute enhanced access to ISO content.

*Corporater does not issue ISO certifications.

Solution Benefits & Functionalities
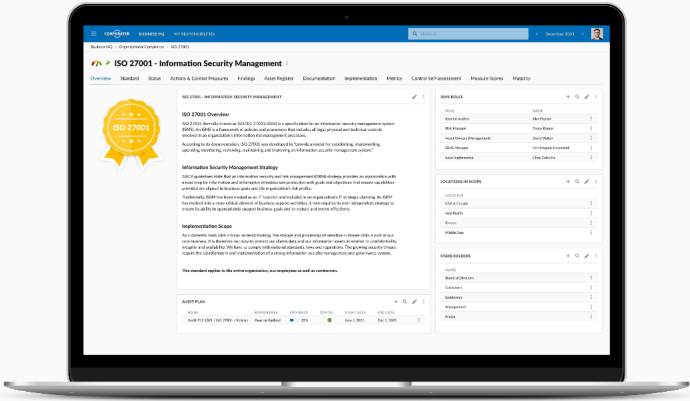

Build trust with customers and stakeholders

Demonstrate ISO compliance to build trust with your customers, partners, vendors, and other key stakeholders. Demonstrate that your organization has taken the necessary steps to ensure the quality of your products, processes, and services, and security of your data, information, systems, and networks.

Manage ISO compliance and achieve ISO certification

Corporater ISO software is designed specifically to facilitate compliance with ISO requirements. Centralize, standardize, and automate your quality and compliance activities. Monitor your adherence to specific ISO requirements, make necessary adjustments to your processes, services, and products, and track your progress towards your ISO certification.
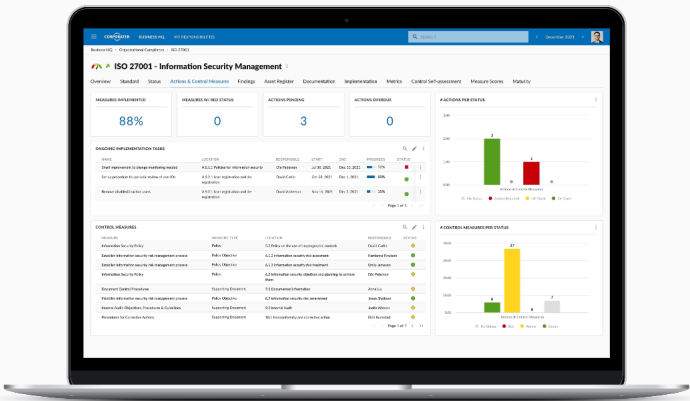

Manage compliance risk

Monitor and manage compliance risk on custom dashboards. Proactively identify, assess, address, and report compliance risks across your organization. Track, monitor, and audit whether your business and employees are compliant with your internal policies and procedures, and take action to minimize the risk of non-compliance.
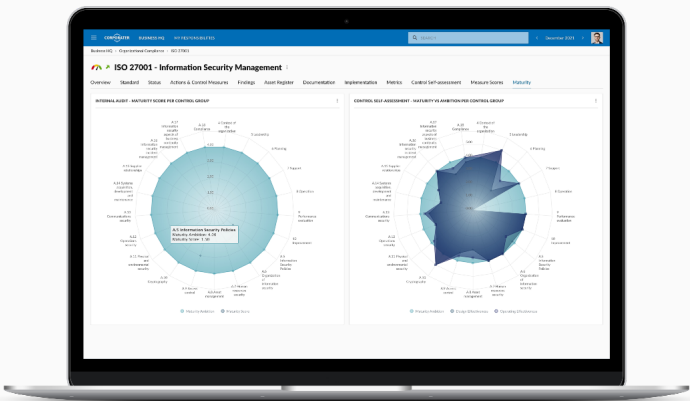

Track maturity of your ISO program and demonstrate ISO compliance

Track maturity of your ISO program via internal audits and control self-assessments. Demonstrate compliance, accountability, and control measures to regulators, auditors, and key stakeholders. Generate and distribute audit-ready reports to evidence that your organization has taken sufficient steps to comply with specific ISO standards.
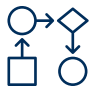

Solution Key Capabilities

Corporater ISO Compliance Management software comes pre-configured with best practice frameworks, templates, and functionalities needed for an effective ISO compliance management.

Compliance Dashboards
Create custom dashboards for your teams, business units, and executive leadership to display information and metrics that you want to see.

Automated Workflows
Automate your business processes and workflows to streamline operations, increase accountability, and ensure adherence to your procedures.

Compliance Reports
Generate compliance reports and submit them through review / approval process. Include visual elements such as charts and graphs.

Data Visualization
Visualize your data story with custom-colored charts, graphs, risk heat maps, strategy maps, and more. Add your brand colors and design elements.

Flexible Configuration
Create a digital twin of your organization. Corporater features an agile, flexible configuration environment managed directly by end users.

Data Integration
Have a single source of truth. Corporater comes with a powerful data integration engine built to integrate large amounts of data from a wide range of sources.

Business Framework Support
Establish, visualize, and align goals, objectives, and thresholds across the organization according to well-known business frameworks.

Quick Search
Quickly find what you are looking for – simply type in a keyword or a phrase into the search bar located in the top navigation bar.

Audit Log
Keep a record of tracking changes to know who and when made updates to your projects, portfolios, or reports. Lock down reports to prevent further edits.

Single Sign-on (SSO)
Securely authenticate users with single sign-on (SSO). SSO allows users to log in with a single set of credentials across multiple platforms.

Access Control
Assign custom user access based on user role and control user permissions to manage content visibility and access to specific dashboards and features.

Alerts & Notifications
Create custom alerts to notify key stakeholders when a KPI moves above a specified threshold, when a goal is reached, or when a new issue arises.
