

THE TIMELINE FOR OPERATIONAL RESILIENCE COMPLIANCE

■ Firms to operationalise the policy framework

■ Transition Period

Perpetual activities

- **Monitor** IBS performance, actions, projects and incidents.
- **Continual** assessment of all services and IBS categorisation.
- **Evidence** decision making process, actions and commentary on IBS assessment process.
- **Leverage** scenarios test results and learnings to determine if services are resilient against defined impact tolerances.
- **Report** to stakeholders, provide aggregated dashboards and reports for service portfolios, services and resources.

Policy comes fully into force
